anniversary during the Cover Period and shall continue to be added until Applicable Daily Benefit attains a maximum amount of 1.5 times the Initial Daily Benefit. Thereafter this amount in each Policy year in future shall remain at that maximum level attained i.e. no addition shall be made under this benefit.

In case of all the Insured(s) covered at inception, the date on which Auto Step up Benefit is effected may be same. However, in respect of any Insured(s) joining subsequently, the date on which Auto Step up Benefit is effected may be different as the third policy anniversary shall be construed from 'Effective Date of Cover' of the respective Insured.

In case the Auto Health Cover Benefit is triggered in respect of an Insured as detailed in Para 3.IV. below, Auto Step Up Benefit shall not be applicable. On expiry of Auto Health Cover Period, the conditions applicable for Auto Step Up Benefit shall be as specified in Para 3.IV.ii (Auto Health Cover Benefit).

No Claim Benefit:** In the event of every three claim free policy years, an amount equal to 5% (five percent) of the Initial Daily Benefit shall be added to the Applicable Daily Benefit at the end of the third claim free year; where, 'Claim free policy years' shall be construed in respect of the policy as a whole, that is, there are no claims in respect of any of the Insured(s) covered under the policy during the immediate previous three years. There shall be no maximum limit for this benefit throughout the cover period.

Hence, even if any additional member is included after the Date of Commencement of Policy, the date of accrual of No Claim Benefit in respect of such additional member shall coincide with that of PI (i.e. No Claim Benefit shall be added for that additional Insured member from the policy anniversary on which 'No Claim Benefit' is added in respect of Principal Insured). Hence, No Claim Benefit in respect of any such additional member may accrue even after a minimum period of one year from Effective Date of Cover and before completion of three policy years from his/her joining the policy. Therefore, the No Claim Benefit for Principal Insured and additional members will accrue concurrently irrespective of their date of joining the policy.

On death of original PI, in case the Auto Health Cover Benefit is triggered/not triggered in respect of any of the Insured (as detailed in Para 3.IV.ii. below), No Claim Benefit (i.e. in respect of all the Insured members) shall be added in the event of three claim free policy years from the Date of Expiry of AHC period in respect of the Insured member for which AHC period expires in the last.

**III. Health Check-up Benefit:**

In addition to various benefits payable on hospitalization mentioned in Para 1. above, Health Check-up Benefit is also payable in respect of each of the Insured. Under this benefit, an amount equal to the actual expenses incurred but not exceeding

One half of Applicable Daily Benefit shall be payable in respect of each Insured towards Health Check-up expenses once in every 3 policy years provided he/she undergoes Health Check-up and shares a copy of the medical report and the medical bills.

#### IV. **Death Benefit:**

- ii. On death of Original Principal Insured: **Auto Health Cover (AHC) Benefit** (wherein the premiums payable under the Base Policy shall be waived for **Auto Health Cover Period**) as detailed below shall be available to the other Insured(s) covered under this policy and the policy shall continue. **Auto Health Cover (AHC) Benefit** shall be available to each of the eligible Insureds, as per terms and conditions mentioned in Para A below. If any of the Insured(s) do(es) not satisfy trigger condition for AHC Benefit, then the condition as specified in Para B below shall apply.

In such an event, the new PI shall be as specified in Para 4 below.

#### **Auto Health Cover (AHC) Benefit:**

In case of death of original Principal Insured, the policy shall continue with new PI along with other eligible surviving Insured(s) without any payment of premiums from the policy anniversary coinciding with or next following the date of death of the Principal Insured, for a further period of 15 years or up to specified age in respect of each of the Insureds, whichever is earlier, provided they are eligible for this AHC Benefit.

The period for which AHC Benefit shall be applicable in respect of each of the eligible Insureds shall be denoted as **"Auto Health Cover (AHC) Period"**. The applicable **Auto Health Cover Period** for each eligible Insured shall be as detailed below:

- For Insured Child(ren): AHC Period shall be a period of 15 years or till the policy anniversary on which the Insured Child is 25 years, whichever is earlier.
- For Insured Spouse/Insured Parent(s): AHC Period shall be a period of 15 years or till the policy anniversary on which the age of Insured Spouse/Parents is 70 years, whichever is earlier.

(Note: The AHC Period mentioned above shall commence from the policy anniversary coinciding with or next following the date of death of the Principal Insured. On completion of AHC Period, as applicable to each Insured member, the cover in respect of remaining eligible Insured(s) can continue by

payment of premiums for, the outstanding term, if any. The premium payment, in such a case, shall commence from the policy anniversary date coinciding with the date of completion of the AHC Period).

Hence, the Auto Health Cover Benefit will be triggered only if the age of Insured spouse / Insured Parent(s) as on the policy anniversary coinciding with or next following the date of death of PI is below 70 years and/or any of the Insured Child(ren) is below 25 years. In case any of the surviving Insured does not satisfy the criteria, the Auto Health Cover benefit will not be applicable for such Insured life and the condition as specified in B) below shall apply.

**A) Conditions applicable for Auto Health Cover Benefit:**

- i. The policy should be in force, by payment of all due premiums, on the date of death of the PI and also till the start date of AHC Period.
- ii. AHC Benefit shall not be applicable if Principal Insured (whether sane or insane) commits suicide at any time within 12 months from the Effective Date of Cover or within 12 months from the date of revival,
- iii. The benefit of "Auto Health Cover" as mentioned above shall trigger in respect of each of the Insureds from the policy anniversary coinciding with or next following the date of death of the Principal Insured, provided such surviving Insured(s) satisfy the trigger condition.
- iv. During the AHC Period, the premiums under the Base Policy in respect of eligible Insured(s) shall be waived. However, premiums in respect of any riders, if opted for, shall not be waived and shall continue to be paid as per respective rider conditions. In case the rider premiums are not paid within the grace period, the rider benefits shall cease. Once the rider is ceased, it cannot be re-opted during the cover period.
- v. The benefit payable under the Base Policy during the AHC Period shall be based on the Applicable Daily Benefit as applicable in respect of each Insured as on the date of death of PI i.e. Applicable Daily Benefit shall remain at the same level during the AHC Period and no further increase in Applicable Daily Benefit by way of 'Auto Step Up' or 'No Claims Benefit' shall apply during this period.
- vi. AHC Benefit shall be available in case of death of Original Principal Insured only. On the Insured Spouse/Parent becoming the new PI (as mentioned under Para 4 below), AHC benefit shall not be available on death of new Principal Insured.
- vii. If the AHC Benefit is triggered for any eligible Insured(s), the cover in respect of such member(s) shall continue till

the expiry of their respective AHC period. On expiry of the AHC period, the cover in respect of eligible Insured(s) can continue till their Date of Cover Expiry provided premiums in respect of such Insured member(s) are paid by the PI.

If the premium in respect of any such Insured member(s) is not paid within the grace period; then his/her cover shall cease on the expiry of the grace period. The cover may be revived on the request of PI as specified under Para 10. B) below. The revival period of 5 years for each Insured post AHC shall be reckoned from the respective First Unpaid Premium for each such member.

The Applicable Daily Benefit after the expiry of Auto Health Cover Period, under such cases shall be as specified in (viii) below.

**viii. Calculation of Applicable Daily Benefit on expiry of AHC Period in respect of each Insured:**

On expiry of AHC period in respect of an Insured, the Applicable Daily Benefit payable for such a member, for a period of three completed policy years, shall be based on the Applicable Daily Benefit as on the date of death of PI and thereafter the Auto Step Up Benefit shall be resumed.

‘No Claim Benefit’ (i.e. in respect of all the Insured members) shall be added to Applicable Daily Benefit only after completion of three claim free policy years from date of expiry of AHC period in respect of all the Insured(s) covered. If the date of expiry of AHC period is not same for all the insured(s), the No Claim Benefit shall be added to Applicable Daily Benefit in the event of three claim free policy years from the Date of Expiry of AHC period in respect of the insured member for which AHC period expires in the last.

**B) Conditions applicable if AHC Benefit is not triggered in respect of any of the Insureds i.e. the age of the Insured Spouse and/or age of the Insured Parent(s) is 70 years or above on the policy anniversary coinciding with or next following the date of death of PI:**

The cover in respect of such member(s) shall continue till their respective Date of Cover Expiry provided the premiums in respect of such Insured member(s) are paid. In such an event, the Applicable Daily Benefit for such member shall continue to be increased only by way of Auto Step-up Benefit, if any. However, No Claim Benefit for such members shall only be added in the event of three claim free policy years from the Date of Expiry of AHC period in respect of the Insured member for which AHC period expires in the last.

If the premium in respect of such Insured member(s) is not paid within the grace period; then his/her cover shall cease on the expiry of the grace period. The cover may be revived on the request of PI as specified under Para 10(B) below.

**V. Maturity Benefit:** No benefits are payable at the end of the Cover Period and the Policy shall stand terminated.

**4. Default provision for Insured Spouse/Parent to become Principal Insured on exit of original PI from the policy:**

On the exit of original PI in the event of death or expiry of his/her cover (where expiry of cover shall be on the Date of Cover Expiry of PI or on PI exhausting all the lifetime maximum Benefit Limits), the policy shall continue with the surviving Insured Spouse as **new PI** along with other eligible surviving Insured(s). If there is no Insured Spouse under the Policy; or if Insured Spouse has predeceased the PI; or if the Insured Spouse has exited from the policy, the policy shall continue with elder of the surviving Insured Parents as **new PI** along with other eligible surviving Insured(s).

The premium for such new successive PI would be based on the then applicable tabular premium rates for Principal Insured and the age for calculation of revised premium rate will be his/her age at entry. However, the existing level of cover in respect of the new PI shall remain unaltered as applicable to him /her.

In the event of the expiry of cover of PI or on death of PI (wherein AHC benefit is not triggered), the premium in respect of the new PI (Insured Spouse/Parent) will change with effect from the coinciding or following instalment premium due date. In case AHC benefit is triggered the premium in respect of the new PI will change with effect from the instalment premium due date coinciding with the date of expiry of his/her AHC Period.

Further, Auto Health Cover Benefit (as mentioned in Para 3.IV.ii above) will not be available on death of the new PI.

**5. Payment of Premiums:**

You may pay premiums regularly at yearly or half-yearly intervals over the Cover period.

The premium in respect of each individual will be payable from the date of entry into the policy till the date of cover expiry under the policy and will depend on the age, gender of the insured member, the level of Hospital Cash Benefit (HCB) chosen whether the insured member is Principal Insured or any other Insured life (in case of cover for more than one member in a policy).

The level of premium for Principal Insured and the other insured members shall be different for the same age and same level of cover.

The total premium to be charged for a policy will be the sum of premiums in respect of each member to be covered in that policy.

## 6. Premium Review:

The premiums are guaranteed for 3 years from the date of commencement of policy in respect of each Insured covered at inception. Based on the experience of the portfolio under this Plan, the Corporation reserves the right to revise the premium rates any time after the completion of 3 policy years starting from the Date of Commencement of Policy, the premium rates for future years will be subject to revision in compliance with applicable Regulations from time to time. However, such revised rates shall be guaranteed for a further period of at least 3 years.

The instalment premium on each review will be based on age at entry i.e. age as on the Date of Commencement of Policy/ age at the time of inclusion into the policy, as the case may be and the Corporation's premium rates then prevailing for this product.

If any additional member is included in the policy after the Date of Commencement of Policy, the premium charged in respect of that member will be guaranteed till the policy anniversary on which the premium rates are revised in respect of Principal Insured and hence may change even before completion of 3 years from his/her joining the policy. Thereafter the premium rates for Principal Insured and additional members will be revised concurrently (i.e. the period of three years shall reckoned from the Date of Commencement of Policy/date from which the premiums are reviewed).

Any such revision in premium rates under a policy, after the approval from the Authority, shall be notified to each policy holder at least ninety days prior to the date when such review or modification comes into effect. However, the policyholder has the option to cancel the policy, if not agreed with the revised instalment premium for this plan.

The instalment premium for both the optional riders is however guaranteed throughout the term for which cover is provided.

Further, if the premium review date(s) falls between the revival period and revival is done after the Premium Review Date, the premium before and after the Premium Review Date may be different on account of revision in rates. In such case, premium rate as applicable on respective due dates shall apply. However, there shall be no change in premium rates if the revival is effected before the premium review date.

#### **SECTION 45 OF THE INSURANCE ACT, 1938:**

The provision of Section 45 of the Insurance Act, 1938 shall be applicable as amended from time to time. The simplified version of this provision is as under:

Provisions regarding policy not being called into question in terms of Section 45 of the Insurance Act, 1938 are as follows:

1. No Policy of Life Insurance shall be called in question on any ground whatsoever after expiry of 3 years from
  - a. the date of issuance of policy or
  - b. the date of commencement of risk or
  - c. the date of revival of policy or
  - d. the date of rider to the policywhichever is later.
2. On the ground of fraud, a policy of Life Insurance may be called in question within 3 years from
  - a. the date of issuance of policy or
  - b. the date of commencement of risk or
  - c. the date of revival of policy or
  - d. the date of rider to the policywhichever is later.

For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which such decision is based.
3. Fraud means any of the following acts committed by insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy:
  - a. The suggestion, as a fact of that which is not true and which the insured does not believe to be true;
  - b. The active concealment of a fact by the insured having knowledge or belief of the fact;
  - c. Any other act fitted to deceive; and
  - d. Any such act or omission as the law specifically declares to be fraudulent.
4. Mere silence is not fraud unless, depending on circumstances of the case, it is the duty of the insured or his agent keeping silence to speak, or silence is in itself equivalent to speak.
5. No Insurer shall repudiate a life insurance Policy on the ground of Fraud, if the Insured / beneficiary can prove that the misstatement

was true to the best of his knowledge and there was no deliberate intention to suppress the fact or that such mis-statement of or suppression of material fact are within the knowledge of the insurer. Onus of disproving is upon the policyholder, if alive, or beneficiaries.

6. Life insurance Policy can be called in question within 3 years on the ground that any statement of or suppression of a fact material to expectancy of life of the insured was incorrectly made in the proposal or other document basis which policy was issued or revived or rider issued. For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which decision to repudiate the policy of life insurance is based.
7. In case repudiation is on ground of mis-statement and not on fraud, the premium collected on policy till the date of repudiation shall be paid to the insured or legal representative or nominee or assignees of insured, within a period of 90 days from the date of repudiation.
8. Fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer. The onus is on insurer to show that if the insurer had been aware of the said fact, no life insurance policy would have been issued to the insured.
9. The insurer can call for proof of age at any time if he is entitled to do so and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof of age of life insured. So, this Section will not be applicable for questioning age or adjustment based on proof of age submitted subsequently.
